

Site	URL	Description
American College of Medical Genetics	www.acmg.net	Site for the American College of Medical Genetics, a professional society dedicated to medical genetics
American Society of Human Genetics	www.ashg.org	Site for the American Society of Human Genetics, a professional society dedicated to human genetics
Cancer Genome Atlas	www.cancergenome.nih.gov	Database of genomic changes in various types of malignancies
DECIPHER	http://decipher.sanger.ac.uk	Database of human copy number variants
Dolan DNA Learning Center	www.dnalc.org	Educational information regarding several aspects of genetics
Ensembl	http://useast.ensembl.org	Eukaryotic genome database
GeneReviews	www.genereviews.org	Online reviews of diagnosis of, counseling for, and management of genetic disorders
GeneTests	www.genetests.org	Database of laboratories that offer clinical or research-based genetic testing
Genetics Education Center	www.kumc.edu/gec	Educational materials about genetics
HapMap	http://hapmap.ncbi.nlm.nih.gov	Website for International HapMap Project
HugeNet	www.cdc.gov/genomics/hugenet	Site maintained by the National Office of Public Health Genomics at the Centers for Disease Control and Prevention with content related to public health implications of genetics
HUGO Human Genome Nomenclature	www.genenames.org	Website for the Human Genome Organization nomenclature committee
Human Gene Mutation Database	www.hgmd.cf.ac.uk/ac	Database of mutations reported in human genes
Human Variome Project	www.humanvariomeproject.org	Organization that studies variation in the human genome
National Center for Biotechnology Information (NCBI)	www.ncbi.nlm.nih.gov	Compendium of genomic tools maintained by the NCBI
National Human Genome Research Institute (NHGRI)	www.genome.gov	Home page for NHGRI at the National Institutes of Health
Online Mendelian Inheritance in Man	www.omim.org	A database of genes and human genetic disorders
Pharmacogenetics Knowledgebase	www.pharmgkb.org	Pharmacogenetics and pharmacogenomics knowledge base
RefSeq	www.ncbi.nlm.nih.gov/RefSeq	Standardized database of genomic sequence data
UCSC Genome Browser	http://genome.ucsc.edu	Bioinformatics site of University of California, Santa Cruz, which provides access to a popular genome browser
University of Utah Learn.Genetics	http://learn.genetics.utah.edu	Educational materials related to genetics
US Surgeon General's Family History Initiative	www.hhs.gov/familyhistory	Information regarding an initiative to encourage the collection of family history information

HUMAN GENETICS AND GENOMICS – further online reading
